Annual international conference Internship and Employment 2018

The target audience of the Conference are students and last year secondary school pupils, who will learn about employment and traineeship opportunities in Latvia and abroad.

Riga City Council representatives and other speakers will provide valuable information about the opportunities of employment and traineeship.

Both Latvian and foreign specialists of various industries will represent their companies, share experience and give professional advice. **ISMA students** will also provide information about their traineeship and employment experience.

At the end of the Conference you can receive information directly from the companies' representatives.

Languages of the Conference: Latvian, English.
